A collection of jewelry is displayed on a light-colored, textured surface. On the left, a necklace with a single round diamond pendant hangs from a gold chain on a beige mannequin bust. In the center, a diamond ring with a round brilliant-cut diamond is placed on a small, square, beige cushion. To the right, a pair of diamond stud earrings is held by a beige T-shaped earring stand. The background is a softly blurred interior with a white arched doorway.
